

The Exa Plexsar Complex first ICO is for a virgin utility token from our first block of wholesale tokens.

Token description as follows: The Exa Plexsar Complex VIP Utility Token is for access to private design and architectural reviews and private development events held for design proposals made by various architect teams for our offshore and Florida projects, and for access to future private reviews, private exhibitions, private showcases, and private events.

The Exa Plexsar VIP Utility Token ICO Overview: The Exa Plexsar VIP Utility Token is not a security and will not afford the utility token possessor "any rights uses, purpose, attributes, functionalities or features, express or implied, including, without limitation, any uses, purpose, attributes, functionalities or feature of a security".

The Exa Plexsar Complex VIP Utility Token ICO proceeds will become the revenue of BIT COINS BANK internal department Exa Plexsar Complex and will be used at this corporate development dept's sole discretion.

Utility token usage:

Token grants holder access to private exhibition events held to showcase continuity and enduring promotion of unbroken and consistent existence and operational excellence.

Token grants holder access to private unspecified areas of our projects we are not allowed to publicly expose. Including private non-public overviews and areas of concentrations for our R&D projects.

Token grants holder access to private design and architectural reviews and private development events held for design proposals made by various architect teams for our offshore and Florida projects.

Token grants holder access to future private reviews, private exhibitions, private showcases, and private events including private symposiums and other venues held to introduce concepts and design proposals for our projects put forth and presented by renowned architects, physicists, engineers, designers, and vertical channel vendors.

Token holder access to events will only be denied if an event requires prior clearance, and an issue or complaint arises in the name of preserving national security.
